

Siem Reap, Cambodia, **FEBRUARY 2018**

Dear **Benefactors and Friends.**

During the month of FEBRUARY very diverse activities have been going on. We are going to recall chronologically, the most important activities because of their relevance or resonance.

EDUCATION

We are in the academic equator, and we are very happy for our students, who strive. We attend three different schools: Future Bright International School (FBIS) considered one of the schools where students are best prepared for the final National Exam; Javi School (JS) which is our own school in our center where we teach from Nursery to the Fourth course of Elementary, and Angkor High School (AHS) for Secondary and High School courses in public school.

THE REPLACEMENT

It is a pleasure and an honor to introduce you to the Social Workers of our organization. Both have grown and been educated by the NGO.

SREYNEE has become a responsible and passionate employee of the NGO. She is part of the full-time work team with her own desk and work agenda and coordinating various programs.

HOLY works part-time, as she is completing her last year of high school to take the final national exam, after which she will study Psychology. She is responsible for some programs and the translator in meetings and workshops.

MINISTRY, POLICE AND NGO.

We have received the visit of representatives of the Ministry of Social Affairs from Phnom Penh, Anti Human Traffic Police and UNICEF in Siem Reap. We are one of the three organizations selected for the official visit due to our protection and care of children and vulnerable young people. We pay full attention to their education, nutrition, health and any other requirement during their growth and development.

NGO BOARD

In the middle of the month there was the annual meeting of the TFC Board, whose members help with their knowledge and experience to improve the quality of work in financial, administrative and social fields. On this occasion, TFC Social Work Assistants were invited to participate for the first time. They presented their work, new projects and proved how, after having been educated by TFC, they have become responsible adults capable of leading social and educational programs contributing to the welfare of those who need it most.

TRADITIONS

The celebration of the Chinese New Year, dedicated to the emblematic figure of the Dog, took place in the middle of February, we celebrated with a barbecue at home. Friendship, Honesty and Loyalty have been attributes worthy of the highest praise. Our aim is to show these values to each person to whom we dedicate our work, affection and understanding, taking the opportunity to THANK all our Benefactors who make it possible. THANK YOU VERY MUCH.

Thank you very much for your **Trust**, your **Devotion**, the **Enthusiasm**
and above all, your **LOVE**.
