

Siem Reap, Cambodia 3rd March 2016

Dear **Benefactors and Friends**

The **Official Opening Ceremony of DEI KOMA** arrived, and with it, they arrived our beloved Benefactors and Friends, we were also joined by the Local Authorities, Officials, Neighbors and many more to be with us to celebrate all together. **Many, many Thanks** to all People on this significant Day!

Our **Benefactors** come from all over the world, and together we shared with them some fantastic days of touring and visiting some of our community projects.

Firstly we visited our **Diamond Program** at the districts of Bakong, Dom Daek and Angkor Thom. Our beloved grandmothers were happy to welcome us into their homes.

They were very excited to join us on the way back, being such an important part of the celebrations we were organizing for them too.

They never been in Siem Reap city before either never visited the worldwide angkorian temples.

Next we Visited the **Sewing Shop** of clothes bags. This visit had special meaning because the most direct and high representatives of **Spotlight** were among us, **Dahlia Sable** and **Jono Gelfand**. Since their fantastic initiative was developed six years ago, sewing a bag model called **SPOTLIGHT BAG** for their program **STICH IN TIME**, which they order 1000 units monthly to be sold in over 100 shops all around Australia. This makes the project sustainable and simultaneously deals with benefits in areas of annual budgets as administrative, automotive maintenance and more.

It closes one chapter and opens a new one. It has been three years of dreams, illusions, challenges, involving many people willing to be part of this dream, and during the last days meeting, talking and thanking to each of them. When I look back and see our first day visiting these lands, rice fields that were lost in the horizon, were days of rain, soaked, clothes and skin full of mud, we crossed these lands, no roads, only clumps of abandoned rice fields ... and now when looking at the horizon a fabulous sunny day is waiting for us to a new chapters, these new chapters have to be written for the present and future generations, getting the benefit from this dream that we all have made come true.

THANK you very Much to all the people who made it possible to happen. Thank you very much for your **Trust**, your **Devotion**, the **Enthusiasm** and above all, your **LOVE**.
