

Siem Reap, Cambodia, **AUGUST 2018**

Dear **Benefactors and Friends.**

DREAMS COME TRUE!!!

The KEYS are EDUCATION, EFFORT and COMMITMENT.

The **ACADEMIC YEAR 2017-18** of the different schools that our students from **TOGETHER FOR CAMBODIA** attend has come to an end. A few days ago, we celebrated in **JAVI SCHOOL**, which is our elementary school, located in our facilities in **DEI KOMA – THE CHILDREN’S LAND.**

The celebration began at 7am and extended until 1pm. The students, teachers and staff of the NGO participated. Presentations, gifts, games, dances were developed and all together we enjoyed a lunch and more dancing.

Dance performances of the students ... So much FUN ... And Gifts for all of them!!!.

VICTORIA and CARLOS, Benefactors of **JAVI School**, accompanied us in this great event and we wish to invite them to every closing of academic years.

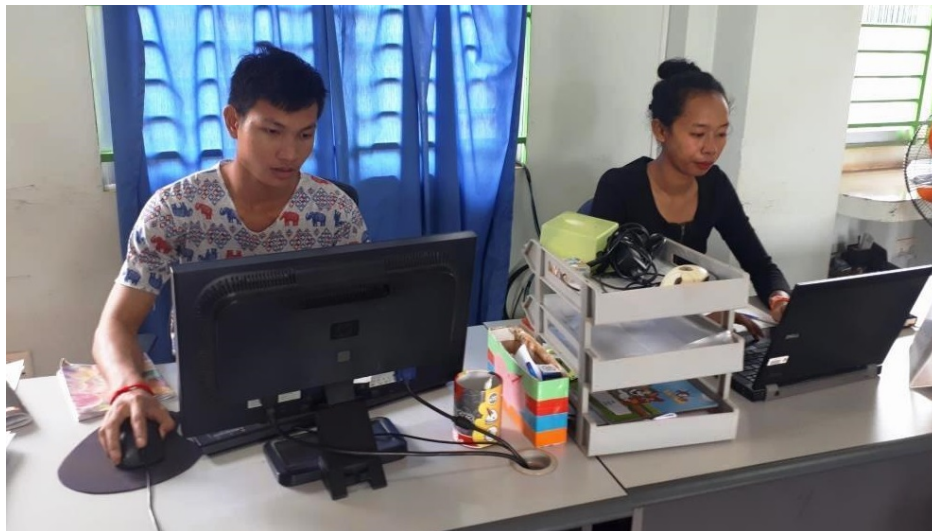

Now to enjoy a well-deserved vacation!!!

***** NATIONAL EXAM** from the **Ministry of Education** at the end of High School has reached **TOGETHER FOR CAMBODIA**. **Three students** have taken the exam after a final year of preparation, perseverance and effort. **Also, SREYNEE**, our Assistant of Social Work, has taken the exam after having combined her work and independent study. Everyone is waiting to know their results.

***** The OFFICE grows!!! Our 3 pre-university students, who have taken the National Exams and are now waiting for the results to start a new academic stage, have decided to work full-time at the office of the NGO. Their knowledge of English, computer and, overall, their interest and motivation will make their collaboration invaluable. It is wonderful to see how the children who arrived years ago, have become men and women eager to learn and with dreams that will become reality. Once we know their test results, we will go to the universities where they wish to study Psychology, Khmer Teacher and International Relations.**

***** The Technical School of Hospitality and Tourism SALA BAI has opened its doors for the new academic year 2018-19, and after a selection of students which began in February, with examinations and interviews, they have accepted our beloved S. in the CULINARY section. She is excited about learning cooking techniques at the stoves to work in international hotels and, later, open her own business. And in the same section, CH has been admitted too, she comes from our Scholarship/Family Support Program. On the way to making another 2 dreams come true!.**

And as a family we went with S. on her first day. In the image preparing us to take the tuk tuk that will lead her to a new stage; she is on the middle ☐ ... Nervous. Happy. Excited

S y CH walking in the present towards their futures !!!.

***** ENGLISH**, as our common foreign language, **is compulsory for all children and youth in the NGO**. It is fantastic to see how they learn and acquire more ease lesson after lesson. In addition to the classes in the different schools of general education that our students attend, **at the NGO we organize English classes daily at JAVI School**, managed by qualified national and international teachers.

***** SPANISH** is studied by those who are curious or wish to have an extra foreign language, soon our new teacher will arrive to stay with us during the next academic year.

Teacher LURDES, to whom we want to send greetings with our Love.

Many THANKS to all the **BENEFACTORS** that collaborate sponsoring a child with their education. For those who are interested, the **SCHOLARSHIP** program offers schooling from primary to high school. Some students finish secondary and they attend Technical School to learn skills, others complete National Exams at the end of High School and they go to the University. We send monthly, semi-annual and final academic results, photos at the beginning of the course and photos of activities throughout the course. **The annual cost ranges from \$ US500 in grade 1 to \$ US1,400 in grade 12**, and includes school fees, academic fees, academic material, uniforms, footwear, transportation, etc. This program sponsors education, but if you also want to sponsor food, care, household expenses, health, etc. it is covered by the HOME CARE program and the average annual cost of a child or youth is \$ US1,200. Payments can be made monthly, semi-annually or annually.

I am available to anyone who has questions, I will respond with all my affection.

THANK YOU very Much for your **Trust**, your **Devotion**, the **Enthusiasm** and above all, your **LOVE**.
